Planning Your Education

Your school provides this course curriculum guide as a means of assisting students and parents in understanding and planning their course of study. Students are encouraged to carefully select related arts courses during the registration process. Your school's guidance counselors and teachers stand ready to assist them. Parents are invited and encouraged to actively participate by assisting their student.

Related arts classes are scheduled based upon student requests. However, due to schedule conflicts and changes in course offerings, the staff cannot guarantee that students will be scheduled for all courses they request. In addition, be aware that the school builds a master schedule and employs teachers based on students' requests; therefore, schedule changes will only be considered on a very limited basis.

Online Registration

Online Registration was implemented in 2004. It allows parents and students to request related arts courses for the next school year from home via the Internet. Families who do not have access to the Internet will be given opportunities to use school computers to register online. Parents and students should understand that requesting a related arts course through online registration does not guarantee that the student is placed in the course the next school year. Final placement in a course is dependent upon enrollment, scheduling feasibility, and teacher allocation. Parents without Internet access at home will receive a printed copy of the course curriculum guide by request. The window for students to select related arts courses online is posted by the school on the school's website and in parent newsletters. Schools will provide instructions on accessing the online registration tool.

Promotion Criteria for Grades Six, Seven, and Eight

Criterion 1: Students in grades six through eight are expected to learn, at a minimum, curriculum standards in English language arts, mathematics, science, and social studies, and meet attendance requirements.

Criterion 2: The student earned a minimum average grade of 60% in English language arts, mathematics, science, and social studies (if language arts is taught as a separate subject in grades 6-8, the English language arts grade will be determined by the mean of the yearly average of reading and language arts.)

End of Year Promotion Status

The following are summary designation and descriptors for end-of-year promotion status of students in grades six-eight.

Promoted – The student met all promotion criteria. The one exception is that students who fail a high school credit bearing course in middle school are promoted but must retake the course. Enrollment in these credit bearing courses will be determined by the district criteria.

Promoted - Summer School Required - The student failed to meet the criteria for one or two core academic areas, but successful performance in summer school for any deficient area was met.

Hillcrest Middle School Online Course Registration

Parents and Students,

Course registration is well underway at Hillcrest Middle School! This is an important time for teachers, parents, and students to choose courses for the upcoming school year to help plan for the future.

In early February, teachers began the process of recommending academic courses for students to take next year. Students will begin selecting related arts classes and from Mar. 1st- 5th, parents and students can make any necessary changes to student-related arts choices and review academic recommendations at home through the Parent Portal. Final course recommendations and requests letters will be sent home mid-April. Parents will be asked to sign and return this form to their child's elementary school.

We want this to be a smooth and productive experience for everyone. Our goal is to work with each student to select the courses best suited for their individual needs. We ask that you follow the important deadlines and take note of all important dates below.

Here at Hillcrest Middle, our mission is to foster a community where we are all "Caring, committed, and connected." As a collaborative learning community, we will partner with students, parents, staff, and community members to provide rigorous academics, technology-enhanced learning, and arts/literacy integration to prepare our students for college and career success," our staff will work to help students make appropriate choices for his/her future. We look forward to working with you as we prepare students for a great school year.

Rising 5th Grader Important 6th Grade Course Information

Hillcrest Middle School students will take 4 academic courses.

English:

English GT 6 (Challenge)

English Studies 6

Math:

Math 6/7 (Advanced)

Math 6 (Regular)

Science 6

Social Studies 6

*Contact your student's **current subject teacher at the elementary school** with questions or concerns about recommendations made by the subject teacher.

*Contact your student's **school counselor at the elementary school** about related arts questions and concerns.

All courses are offered based on course enrollment, teacher allocation, and scheduling feasibility.

Rising 6th Grade Related Arts Courses

Students must take a total of 8 quarters of related arts courses a year:

Year-long courses equal 4 quarters

Band 6

Strings 6

Semester courses equal 2 quarters

Chorus 6

**** P.E./Health- All Students will participate and be mass assigned this elective.**

Quarter courses are 1 quarter

Art 6

Broadcast Journalism 6

Computer Tech 6 (STEAM)

GTT6 Design & Modeling

Intro to Spanish 6

Speech & Drama 6

Elective Support Courses for Students with IEP's

(Special Education Teachers' will make recommendations for any student who needs one of these courses.)

Access Reading 6 (System 44) *Yearlong course

Reading 6 (Read 180) *Yearlong course

OR

Educational Support 6 (Math) *Yearlong course

NON-IEP Students who score below the 25% on Standardized Testing

(Teacher Assigned)

Access Reading 6 (System 44) *Yearlong course

Reading 6 (Read 180) *Yearlong course

Course Descriptions

English

Title: English Studies 6

Course Number: 10013100

Unit Credit: 0

Grade Level: 6

English Studies 6 is designed to prepare students for College and Career readiness as required by the South Carolina State Standards. The curriculum exposes students to a variety of genres, both literary and informational. Placement Recommendation - Successful completion of grade 5.

Title: English GT 6

Course Number: 10013200

Unit Credit: 0

Grade Level: 6

This course is designed to meet the needs of academically gifted and talented students who were identified through the standard measures implemented by The School District of Greenville County. The curriculum designed specifically for this course meets the guidelines set forth by the South Carolina State Department of Education as criteria for Gifted and Talented instruction. Students should expect to find the curriculum challenging in a number of ways: text complexity, analytical writing, problem solving, creative endeavors, and accelerated pace.

Prerequisite: Identified as GTA (Gifted and Talented Academic)

Title: Reading Assistance 6th

Course Number: 10240000

Unit Credit: 0

Grade Level: 6

This course offers students remediation and additional assistance in reading skills in support of on grade level instruction in the regular Language Arts and/or Literature classroom. PREREQUISITE: Guidance Placement

Title: Speech and Drama 6th

Course Number: 10991000

Unit Credit: 0

Grade Level: 6

This course is for students who are interested in improving their interpersonal communication skills and who wish to increase their confidence in delivering oral presentations. Instruction will encompass dramatic skills required for oral interpretation of standards-based literature. PREREQUISITE: None

Math

Title: Math 6

Course Number: 11100600

Unit Credit: 0

Grade Level: 6

This standards-based sixth-grade course is designed to help students begin the transition from arithmetic to algebraic thinking. It includes concepts, operations, and problems solving with decimals, fractions, and percents in addition to an introduction to integers and ratios. Students will develop algebraic thinking through the investigation of patterns, the use of simple equations and inequalities to represent relationships, and the use of tables and graphs to solve problems. Throughout the course there is an emphasis on the process standards of problem-solving, communication, reasoning, representations, and connections. PREREQUISITE: Teacher recommendation

Title: Math 6/7

Course Number: 11100700

Unit Credit: 0

Grade Level: 6

This standards-based course is designed to help students begin the transition from arithmetic to algebraic thinking. It includes all of the grade 6 standards and half of the grade 7 standards. Topics include operations and problem-solving with decimals, fractions, integers, ratios, proportions, and percents. Students will develop algebraic thinking through the investigation of patterns, the use of one-and two-step equations and inequalities to represent relationships, and the use of tables and graphs to solve problems. Throughout the course there is an emphasis on the process standards of problem-solving, communication, reasoning, representations, and connections. PREREQUISITE: Must meet district criteria including Teacher recommendation

Science

Title: Science 6

Course Number: 12010000

Unit Credit: 0

Grade Level: 6

The focus for science in sixth grade is to provide students with inquiry based experiences that develop science concepts in the following areas: Structures, Processes and Response of Plants-structure and function of plants; Structures, Processes and Responses of Animals-structure and function of animals; Earths Atmosphere and Weather-atmospheric properties and processes; and, Conservation of Energy-properties of energy, work, and conservation of energy. PREREQUISITE: None

Social Studies

Title: Social Studies 6

Course Number: 13010000

Unit Credit: 0

Grade Level: 6

Sixth grade social studies expands students' understanding of history through the study of people, places, and events to the era of European exploration and settlement. Students focus not only on facts about various cultures but also on the significance of geography in history, their everyday lives, problems, and accomplishments of people, and their roles in developing the social, economic, and political structures of major civilizations. Instruction should emphasize the elements of social studies literacy, the tools, strategies, and perspectives necessary for understanding how history, geography, economics and government are interwoven. PREREQUISITE: None

Arts

Title: Art 6

Course Number: 15010000

Unit Credit: 0

Grade Level: 6

The purpose of this course is to enable students to communicate ideas and concepts through a variety of artwork, including drawing, painting, printmaking, sculpture, arts, and crafts. A study of artists and their work will help students understand the techniques, skills, and diverse intentions of artists from many cultures and times. Students will focus on developing creative problem-solving skills, visual literacy, and personal expression. PREREQUISITE: None

Title: Band 6

Course Number: 15310000

Unit Credit: 0

Grade Level: 6

This course provides beginning-level instruction on brass, woodwind, and percussion instruments. No previous musical experience is required. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and band techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: None

Title: Band 6 Percussion

Course Number: 15311000

Unit Credit: 0

Grade Level: 6

This course provides beginning-level instruction for all of the percussion instruments. The curriculum will focus on the techniques required to perform on the melodic instruments, membranophones, and auxiliary instruments. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and band techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: None

Title: Band 6 Brass

Course Number: 15311600

Unit Credit: 0

Grade Level: 6

This course provides beginning-level instruction for trumpet, French horn, trombone, euphonium and tuba. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and band techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: None

Title: Band 6 Woodwinds

Course Number: 15311700

Unit Credit: 0

Grade Level: 6

This course is a beginning-level course for Woodwind instruments. Middle school literature will be studied. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and band techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: None

Title: Chorus 6

Course Number: 15410000

Unit Credit: 0

Grade Level: 6

The purpose of this course is to enable students to develop fundamental vocal musicianship, technical skills, and aesthetic awareness through the study and performance of varied middle school choral literature. The curriculum for Chorus 6 includes vocal technique, part singing, music fundamentals, and singing music of various historical and world styles through large and small group participation. Concert performances will be an outgrowth of the study of the musical concepts. PREREQUISITE: None

Title: Strings 6

Course Number: 15510000

Unit Credit: 0

Grade Level: 6

This course provides beginning-level instruction on violin, viola, cello, and string bass. No previous musical experience is required. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and string techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Some larger instruments are available at the school, and parents should coordinate with the director for their use. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: None

Foreign Language

Title: Spanish 6 Beginner Level

Course Number: 16500000

Unit Credit: 0

Grade Level: 6

Aligned with the district's vision, philosophy, and goals for world language education, this beginner course introduces students to the second language through high-quality learning experiences. Not only do students gain an understanding of what it means to learn a new language, they also experience progress over time and are likely to be motivated to continue language study. Students learn enough language to ensure that they will not be total beginners when they take another course in the same language. The goal of this course is to develop some language competence. PREREQUISITE: None

Physical Education

Title: PE / Health 6

Course Number: 14401200

Unit Credit: 0

Grade Level: 6

Enrollment in this course fulfills the regulation that all students will complete one quarter of physical education each year in grades 6 - 8 and all students will complete one quarter of health each year in grades 6 - 8. The content of the course will consist of both health and PE standards-based instruction. PREREQUISITE: None

Career and Technology

Title: GTT6DesignModel

Course Number: 18410000

Unit Credit: 0

Grade Level: 6

This unit uses solid modeling (a very sophisticated mathematical technique for representing solid objects) to introduce students to the design process. Utilizing this design approach, students understand how solid modeling has influenced their lives. Students also learn sketching techniques, and use descriptive geometry as a component of design, measurement, and computer modeling. Using design briefs or abstracts, students create models and documentation to solve problems. PREREQUISITE: Teacher Recommendation

Miscellaneous

Title: Computer Tech 6

Course Number: 17010000

Unit Credit: 0

Grade Level: 6

This course provides the student an opportunity to work with word processing, spreadsheets, and PowerPoint presentations.

PREREQUISITE: Keyboarding skills

Title: Broadcast Journ 6th

Course Number: 17992100

Unit Credit: 0

Grade Level: 6

In this course, students study journalism in a television broadcast setting. Study includes review of principles of journalism, writing, camera technique, research and interviewing, culminating in regular production of actual programming for in-school television and community viewing.

PREREQUISITE: Teacher Recommendation
