Page 4	Course Descriptions

Planning Your Education

Your school provides this course curriculum guide as a means of assisting students and parents in understanding and planning their course of study. Students are encouraged to carefully select related arts courses during the registration process. Your school's guidance counselors and teachers stand ready to assist them. Parents are invited and encouraged to actively participate by assisting their student.

Related arts classes are scheduled based upon student requests. However, due to schedule conflicts and changes in course offerings, the staff cannot guarantee that students will be scheduled for all courses they request. In addition, be aware that the school builds a master schedule and employs teachers based on students' requests; therefore, schedule changes will only be considered on a very limited basis.

Online Registration

Online Registration was implemented in 2004. It allows parents and students to request related arts courses for the next school year from home via the Internet. Families who do not have access to the Internet will be given opportunities to use school computers to register online. Parents and students should understand that requesting a related arts course through online registration does not guarantee that the student is placed in the course the next school year. Final placement in a course is dependent upon enrollment, scheduling feasibility, and teacher allocation. Parents without Internet access at home will receive a printed copy of the course curriculum guide by request. The window for students to select related arts courses online is posted by the school on the school's website and in parent newsletters. Schools will provide instructions on accessing the online registration tool.

Promotion Criteria for Grades Six, Seven, and Eight

Criterion 1: Students in grades six through eight are expected to learn, at a minimum, curriculum standards in English language arts, mathematics, science, and social studies, and meet attendance requirements.

Criterion 2: The student earned a minimum average grade of 60% in English language arts, mathematics, science, and social studies (if language arts is taught as a separate subject in grades 6-8, the English language arts grade will be determined by the mean of the yearly average of reading and language arts.)

End of Year Promotion Status

The following are summary designation and descriptors for end-of-year promotion status of students in grades six-eight.

Promoted – The student met all promotion criteria. The one exception is that students who fail a high school credit bearing course in middle school are promoted but must retake the course. Enrollment in these credit bearing courses will be determined by the district criteria.

Promoted - Summer School Required - The student failed to meet the criteria for one or two core academic areas, but successful performance in summer school for any deficient area was met.

SEVIER MIDDLE SCHOOL

Administration:

Principal: Mr. Chad Maguire

Assistant Principal: Mr. Brian Falls

School Counseling/Student Services Department

Recognized ASCA model Program (RAMP)

Counselor assignments for 2021-2022

Mrs. Darcy Storm- Lead Counselor- 7th grade #355-8203

Ms. Jami Crisman-Counselor-6th grade #355-8485

Mrs. Tomiko Long- Counselor-8th grade #355-8377

Mrs. Lori Nelson-On Track Counselor- #355-8218

Student Services Clerk Mrs. Bethany Shirk #355-8204

Hours: 8:00am- 3:30pm

Sevier Mission Statement:

Developing Innovative Leaders, One Student at a Time.

Tips for a successful transition to middle school

- *Make sure you know the school rules and expect your child to follow them
 - *Support the school and the teachers and administrators
 - *Attend all parent programs and parent-teacher conferences
 - *Practice using a combination lock with your child
 - *Establish a routine for doing homework everyday
 - *Discuss with your child how to make new friends
 - *Assist your child with getting organized and having all of their supplies
 - *Enforce using the school agenda to write down daily homework
- *Recognize your child's growing independence- while they may need guidance they do not need parents who try to solve all of their problems for them
- *Encourage your child to try new things and to get involved in school activities
 - *Insist on daily attendance- have them in school and on time daily
 - *Encourage a healthy lifestyle
 - *Show an interest in what your child is studying
- *Make homework your child's responsibility, but help with time management
 - *Talk about the importance of getting a good education
 - *Communicate with your child daily that you LOVE THEM

Sevier Middle School
Student Registration
Rising 6th grade
2021-2022

The administration, teachers, and staff of Sevier Middle School look forward to getting to know our sixth grade students and helping with the transition to middle school.

All sixth grade students will take four (4) academic classes -- English Language Arts, Mathematics, Science, and Social Studies, all year long. Course level recommendations for English Language Arts and Mathematics will be made based on criteria determined by the School District of Greenville County. Students with IEP's will be placed accordingly. ALL students will take Physical Education for one semester. Students need to choose **3** additional semester courses and 2 alternate courses. Please check to see if your child's teacher has recommended them for an elective course. That will affect the number of electives that can be chosen. A video of our school and the related arts classes can be found on our website beginning Feb. 9th, 2021.

A student must sign up for band or strings in 6th grade to be in it 7th and 8th grade. Students must provide their own instrument. Our band director, Mrs. Marsh, will provide information about instrument rental.

Sixth grade students can choose:

- Art (1 sem)
- Music (1 sem)
- Chorus (1 sem)
- Spanish (1sem)
- Computer Tech (1 sem)
- Gateway to Technology: Design and Modeling (1 sem)
- Gateway to Technology: IQ Automation and Robotics (1sem)
- Exploratory STEM- Coding and Simulation (1 sem)
- Band (2 sem)
- Strings (2 sem)

Teacher recommended courses:

- * Math Assistance (1 semester) teacher recommended
- *Language Live/Reading Assistance (2 semesters) teacher recommended
- *Read 180/System 44 (2 semesters-teacher recommendation for IEP students)
- *ESOL academic assistance (1 sem) teacher recommended levels 1-3

Your child's counselor will send home dates and times of your school registration. They will then print a copy of the completed registration form for your student to take home that MUST be SIGNED and returned. We will give priority for related arts choices to students who return signed registration forms.

All teacher recommendations are tentative and will be made based on the assumption that your child meets the defined criteria and that they will be promoted to the 6th grade. Adjustments will be made at the end of the school year if needed. Remember these are only course requests; a final schedule will be provided at the beginning of the 2021-2022 school year.

Please select your courses wisely. We will not be able to make schedule changes.

Sevier Middle School Counselors

Course Descriptions

English

Title: English Studies 6

Unit Credit: 0

Grade Level: 6

English Studies 6 is designed to prepare students for College and Career readiness as required by the South Carolina State Standards. The curriculum exposes students to a variety of genres, both literary and informational. Placement Recommendation - Successful completion of grade 5.

Course Number: 10013100

Title: English GT 6

Unit Credit: 0

Grade Level: 6

This course is designed to meet the needs of academically gifted and talented students who were identified through the standard measures implemented by The School District of Greenville County. The curriculum designed specifically for this course meets the guidelines set forth by the South Carolina State Department of Education as criteria for Gifted and Talented instruction. Students should expect to find the curriculum challenging in a number of ways: text complexity, analytical writing, problem solving, creative endeavors, and accelerated pace. Prerequisite: Identified as GTA (Gifted and Talented Academic)

Course Number: 10013200

Title: Reading Assistance 6th

Unit Credit: 0

Grade Level: 6

This course offers students remediation and additional assistance in reading skills in support of on grade level instruction in the regular Language Arts and/or Literature classroom. PREREQUISITE: Guidance Placement

Course Number: 10240000

Math

Title: Math Assistance 6th

Unit Credit: 0

Grade Level: 6

This course offers students remediation and additional assistance in math skills in support of on grade level instruction in the regular math classroom. PREREQUISITE: Guidance Placement

Course Number: 11010000

Title: Math 6

Unit Credit: 0

Grade Level: 6

This standards-based sixth-grade course is designed to help students begin the transition from arithmetic to algebraic thinking. It includes concepts, operations, and problems solving with decimals, fractions, and percents in addition to an introduction to integers and ratios. Students will develop algebraic thinking through the investigation of patterns, the use of simple equations and inequalities to represent relationships, and the use of tables and graphs to solve problems. Throughout the course there is an emphasis on the process standards of problem-solving, communication, reasoning, representations, and connections. PREREQUISITE: Teacher recommendation

Course Number: 11100600

Title: Math 6/7

Unit Credit: 0

Grade Level: 6

This standards-based course is designed to help students begin the transition from arithmetic to algebraic thinking. It includes all of the grade 6 standards and half of the grade 7 standards. Topics include operations and problem-solving with decimals, fractions, integers, ratios, proportions, and percents. Students will develop algebraic thinking through the investigation of patterns, the use of one-and two-step equations and inequalities to represent relationships, and the use of tables and graphs to solve problems. Throughout the course there is an emphasis on the process standards of problem-solving, communication, reasoning, representations, and connections. PREREQUISITE: Must meet district criteria including Teacher recommendation

Course Number: 11100700

Science

Title: Science 6

Course Number: 12010000

Unit Credit: 0

Grade Level: 6

The focus for science in sixth grade is to provide students with inquiry based experiences that develop science concepts in the following areas: Structures, Processes and Response of Plants-structure and function of plants; Structures, Processes and Responses of Animals-structure and function of animals; Earths Atmosphere and Weather-atmospheric properties and processes; and, Conservation of Energy-properties of energy, work, and conservation of energy. PREREQUISITE: None

Social Studies

Title: Social Studies 6

Course Number: 13010000

Unit Credit: 0

Grade Level: 6

Sixth grade social studies expands students' understanding of history through the study of people, places, and events to the era of European exploration and settlement. Students focus not only on facts about various cultures but also on the significance of geography in history, their everyday lives, problems, and accomplishments of people, and their roles in developing the social, economic, and political structures of major civilizations. Instruction should emphasize the elements of social studies literacy, the tools, strategies, and perspectives necessary for understanding how history, geography, economics and government are interwoven. PREREQUISITE: None

Arts

Title: Art 6

Course Number: 15010000

Unit Credit: 0

Grade Level: 6

The purpose of this course is to enable students to communicate ideas and concepts through a variety of artwork, including drawing, painting, printmaking, sculpture, arts, and crafts. A study of artists and their work will help students understand the techniques, skills, and diverse intentions of artists from many cultures and times. Students will focus on developing creative problem-solving skills, visual literacy, and personal expression. PREREQUISITE: None

Title: Band 6

Course Number: 15310000

Unit Credit: 0

Grade Level: 6

This course provides beginning-level instruction on brass, woodwind, and percussion instruments. No previous musical experience is required. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and band techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: None

Title: Chorus 6

Course Number: 15410000

Unit Credit: 0

Grade Level: 6

The purpose of this course is to enable students to develop fundamental vocal musicianship, technical skills, and aesthetic awareness through the study and performance of varied middle school choral literature. The curriculum for Chorus 6 includes vocal technique, part singing, music fundamentals, and singing music of various historical and world styles through large and small group participation. Concert performances will be an outgrowth of the study of the musical concepts. PREREQUISITE: None

Title: Strings 6

Course Number: 15510000

Unit Credit: 0

Grade Level: 6

This course provides beginning-level instruction on violin, viola, cello, and string bass. No previous musical experience is required. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and string techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Some larger instruments are available at the school, and parents should coordinate with the director for their use. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: None

Title: General Music 6th

Course Number: 15610000

Unit Credit: 0

Grade Level: 6

This is a course providing students with the opportunity to explore musical concepts and further their understanding of music through listening, singing, playing instruments, and engaging in creative activities. PREREQUISITE: None

Foreign Language

Title: Spanish 6 Beginner Level

Course Number: 16500000

Unit Credit: 0

Grade Level: 6

Aligned with the district's vision, philosophy, and goals for world language education, this beginner course introduces students to the second language through high-quality learning experiences. Not only do students gain an understanding of what it means to learn a new language, they also experience progress over time and are likely to be motivated to continue language study. Students learn enough language to ensure that they will not be total beginners when they take another course in the same language. The goal of this course is to develop some language competence. PREREQUISITE: None

Physical Education

Title: PE / Health 6

Course Number: 14401200

Unit Credit: 0

Grade Level: 6

Enrollment in this course fulfills the regulation that all students will complete one quarter of physical education each year in grades 6 - 8 and all students will complete one quarter of health each year in grades 6 - 8. The content of the course will consist of both health and PE standards-based instruction. PREREQUISITE: None

Career and Technology

Title: GTT6 Design & Modeling

Course Number: 17800000

Unit Credit: 0

Grade Level: 6

This unit uses solid modeling (a very sophisticated mathematical technique for representing solid objects) to introduce students to the design process. Utilizing this design approach, students understand how solid modeling has influenced their lives. Students also learn sketching techniques, and use descriptive geometry as a component of design, measurement, and computer modeling. Using design briefs or abstracts, students create models and documentation to solve problems.

Title: GTT6 Automation & Robotics

Course Number: 17810000

Unit Credit: 0

Grade Level: 6

Students trace the history and development of automation and robotics. They learn about structures, energy transfer, machine automation, and computer control systems. Students acquire knowledge and skills in engineering problem solving and explore requirements for careers in engineering.

Miscellaneous

Title: Computer Tech 6

Course Number: 17010000

Unit Credit: 0

Grade Level: 6

This course provides the student an opportunity to work with word processing, spreadsheets, and PowerPoint presentations. PREREQUISITE: Keyboarding skills

Title: Exploratory 6

Course Number: 17010100

Unit Credit: 0

Grade Level: 6

This course provides students with the opportunity to explore and learn information and skills that will enhance their academic and personal lives in middle school. PREREQUISITE: None

Title: ESOL 6th

Course Number: 17990300

Unit Credit: 0

Grade Level: 6

This course is designed for the student who has a primary language other than English, and is not proficient in listening, speaking, reading, writing, or comprehension in the English speaking classroom. Instruction will be provided in the areas of listening, speaking, reading, writing, and comprehension to assist students in classrooms where English is the language of instruction. Students will receive skills to aid in the transition to all academic areas, as well as help in the preparation for middle school formal tests. Limited English proficiency should be determined by an approved language assessment instrument. PREREQUISITE: Guidance Placement
