Planning Your Education

Your school provides this course curriculum guide as a means of assisting students and parents in understanding and planning their course of study. Students are encouraged to carefully select related arts courses during the registration process. Your school's guidance counselors and teachers stand ready to assist them. Parents are invited and encouraged to actively participate by assisting their student.

Related arts classes are scheduled based upon student requests. However, due to schedule conflicts and changes in course offerings, the staff cannot guarantee that students will be scheduled for all courses they request. In addition, be aware that the school builds a master schedule and employs teachers based on students' requests; therefore, schedule changes will only be considered on a very limited basis.

Online Registration

Online Registration was implemented in 2004. It allows parents and students to request related arts courses for the next school year from home via the Internet. Families who do not have access to the Internet will be given opportunities to use school computers to register online. Parents and students should understand that requesting a related arts course through online registration does not guarantee that the student is placed in the course the next school year. Final placement in a course is dependent upon enrollment, scheduling feasibility, and teacher allocation. Parents without Internet access at home will receive a printed copy of the course curriculum guide by request. The window for students to select related arts courses online is posted by the school on the school's website and in parent newsletters. Schools will provide instructions on accessing the online registration tool.

Promotion Criteria for Grades Six, Seven, and Eight

Criterion 1: Students in grades six through eight are expected to learn, at a minimum, curriculum standards in English language arts, mathematics, science, and social studies, and meet attendance requirements.

Criterion 2: The student earned a minimum average grade of 60% in English language arts, mathematics, science, and social studies (if language arts is taught as a separate subject in grades 6-8, the English language arts grade will be determined by the mean of the yearly average of reading and language arts.)

End of Year Promotion Status

The following are summary designation and descriptors for end-of-year promotion status of students in grades six-eight.

Promoted – The student met all promotion criteria. The one exception is that students who fail a high school credit bearing course in middle school are promoted but must retake the course. Enrollment in these credit bearing courses will be determined by the district criteria.

Promoted - Summer School Required - The student failed to meet the criteria for one or two core academic areas, but successful performance in summer school for any deficient area was met.

IGPs, Career Clusters and Personal Pathways to Success

The South Carolina Education and Economic Development Act (EEDA) requires school districts to develop a curriculum organized around the career cluster system—16 career clusters, schools of study, and majors. In the organization of the district curriculum around the career cluster system, Greenville County Schools divided the 16 career clusters into six schools of study. These six schools of study include School of Arts, Communication and Information Technology; Business, Marketing and Management; Environmental and Agricultural Systems; Health Science; Human Resources and Services; and Industrial Manufacturing and Engineering Systems. Under each school of study a student will find related career clusters. The career clusters are then broken down into academic focus areas (majors) that students may choose based on interests and skills.

Personal Pathways to Success is the name given to this reorganization of the curriculum which is designed to help students take control of planning for their futures. Personal Pathways to Success provides the solid mix of academic and technical skills students need to compete in the global economy. It gives students a reason to achieve in school by connecting success in school with success in life. It maintains South Carolina's core academic requirements while opening up pathways to success for students no matter where they lead – to two-year colleges, four-year colleges or universities, the military, or directly into the workforce. Students, parents, and counselors work together to develop Individual Graduation Plans (IGP) that specify a student's cluster, academic focus (major), post-secondary goals, planned high school activities, and planned out-of-class activities. The Individual Graduation Plan (IGP) is a document that states the student's intentions related to courses that are taken during high school. **The IGP is initiated in the 8th grade with the choice of a cluster area. When the IGP is updated in the 10th grade, the student will select an academic focus (major) within their cluster of choice.** Students will utilize Naviance, a comprehensive college and career readiness tool, to help them align their strengths and interests to their career goals. The courses that are taken are determined by the student's interests. It can be modified over time as interests and skills develop or change. The IGP is like a road map to the future: if the student stays on course, the student will reach the destination – graduation – with all the courses, skills and experience needed to take his education or career to the next level. Each year the student, parents/guardians, and counselors will review and update the plans for the coming year. Switching clusters or majors is okay -- as the high school years progress and the student learns more about his interests and skills there are bound to be changes in choice of coursework.

Dear Centurions and Future Centurions,

Welcome to Tanglewood Middle School! We are thrilled to have the opportunity to educate and support each and every one of our students on their academic journey.

At Tanglewood, our mission is simple yet profound: to equip your child with the knowledge, skills, and courses necessary for success not only in high school but also in life beyond the classroom. Our dedicated staff is committed to ensuring that every student reaches their full potential and then surpasses it.

Whether your child is interested in mathematics, science, language arts, social studies, the arts, or any other subject, we offer a wide range of courses to cater to diverse interests and learning styles. Our goal is to provide a well-rounded education that prepares students for the challenges and opportunities they will encounter in the future.

We understand that navigating through course options can sometimes feel overwhelming. That's why our administrators and school counselors are here to assist you every step of the way. Please don't hesitate to reach out to them with any questions or concerns you may have about our course offerings or academic programs.

As you embark on this educational journey with us, we encourage you to continue believing in yourselves and dreaming big. Together, as a community of learners and leaders, we are destined for great things.

Thank you for choosing Tanglewood Middle School. We look forward to inspiring, challenging, and empowering each and every one of our Centurions to achieve their dreams.

Best regards,

Mr. Leroy Platt

Leroy Platt

Tanglewood Middle School

SCHOOL MISSION/VISION

Why do we exist?

At Tanglewood Middle School, we exist to inspire, motivate and guide middle school students to develop a mindset that will enable them to be the best versions of themselves.

The Vision

To be the highest performing middle school in the district, and the most awarded and recognized Title 1 school in the nation.

Tanglewood Core Values

TRUST
RESPECT
RESPONSIBILITY

Sample of Tanglewood Middle Extracurricular Offerings, Fine Arts, and Supports

- 1 Band director
- 1 Chorus director
- Monthly Club Exploration – examples include chess, track, puzzles, sewing, arts and crafts, STEM
- 4 School Counselors
- Bike Club – bikes included!
- 1 On-Site Greater Greenville Mental Health Counselors
- 2 Communities in Schools Specialists
- PRISMA Nurse Practitioner and Registered Nurse on site weekly
- Afterschool Program free for students.

Primary Contacts:

Principal: Mr. Leroy Platt

6 th Grade Administrator: Mrs. Amanda Leblanc

6 th Grade Counselor: Mrs. Andreah Oglesby

7 th Grade Administrator:

7 th Grade Counselor: Mrs. Tamika Im

8 th Grade Administrator: Mrs. Kristan Cobbs

8 th Grade Counselor: Mrs. Michelle Hammond

Lead Communities in Schools Specialist: Ms. Carmen Medero

Parent Coordinator (Habla Espanol): Ms. Tomasa Quiles

Front Office: (864) 355-4500

Tanglewood Middle School is a **Title One School**. Because we are a Title One school we are able to offer additional services for our students. The following are a list of some of these services.

After School Tutorial

The Tanglewood Middle School After School Program is organized as a resource center to tutor students in academic areas to help them achieve high standards. The program operates on Tuesdays and Thursdays 3:30 pm to 5:00 pm. Students are encouraged to attend the program every week. Transportation is provided. Students must be picked up by 5:00 pm.

Social Worker

A School District Social Worker is located on site to give immediate assistance to families of students in need of services such as: applying for medical assistance, and applying for social services.

Mental Health Counselor

Greater Greenville Mental Health Counselors provide services to students on site. The school-based counselor is available to work closely with teachers, administrators, and students to resolve difficulties. Typical referrals include adjustment disorders, victims of trauma, disruptive and or aggressive behaviors, ADHD, anxiety and mood disorders.

PRISMA Hospital System's School Based Health Center

The School-Based Health Center provides students access to health care in a location that is safe, convenient and accessible – their schools! As part of the OnTrack Greenville Middle Grades Success Initiative, the School-Based Health Centers provide a wide range of services that address student healthcare needs. The School-Based Health Centers are staffed by licensed professionals who can deliver high-quality medical care and address a broad range of concerns affecting the students' healthy development.

Some examples of the services that are provided in the School-Based Health Center include:

- Check-ups for chronic conditions, like asthma and ADHD
- Sports physicals and the treatment of sports injuries
- Screening for mental health and emotional issues
- Referrals to medical specialists and community resources
- On-site testing and treatment for illnesses such as strep throat and flu
- For more information about PRISMA's School-Based Health Centers, please visit our website at

Course Descriptions

English

Title: English Studies 7th
Unit Credit: 0
Grade Level: 7

Course Number: 20013100

English Studies 7 is designed to prepare students for College and Career readiness as required by the South Carolina State Standards. The curriculum exposes students to a variety of genres, both literary and informational. Placement recommendations: Successful completion of grade 6

Title: English GT 7th
Unit Credit: 0
Grade Level: 7

Course Number: 20013200

This course is designed to meet the needs of academically gifted and talented students who were identified through the standard measures implemented by The School District of Greenville County. The curriculum designed specifically for this course meets the guidelines set forth by the South Carolina State Department of Education as criteria for Gifted and Talented instruction. Students should expect to find the curriculum challenging in a number of ways: text complexity, analytical writing, problem solving, creative endeavors, and accelerated pace.

PREREQUISITE: Identified as GTA (Gifted and Talented Academic).

Title: English Studies 8th
Unit Credit: 0
Grade Level: 8

Course Number: 20013800

English Studies 8 is designed to prepare students for College and Career readiness as required by the South Carolina State Standards. The curriculum exposes students to a variety of genres, both literary and informational. Placement recommendations: Successful completion of grade 7

Title: Reading Assistance 7th
Unit Credit: 0
Grade Level: 7

Course Number: 20241300

This course offers students remediation and additional assistance in reading skills in support of on grade level instruction in the regular Language Arts and/or Literature classroom. **PREREQUISITE:** Guidance Placement

Title: Reading Assistance 8th
Unit Credit: 0
Grade Level: 8

Course Number: 20243500

This course offers students remediation and additional assistance in reading skills in support of on grade level instruction in the regular Language Arts and/or Literature classroom. **PREREQUISITE:** Guidance Placement

Title: English 1 Hon
Unit Credit: 1
Grade Level: 8 - 12

Course Number: 302403HW

English 1 Honors is a course for academically gifted students who have the ability to pursue an accelerated English program. These students may be preparing for Advanced Placement English - college level courses - in high school; therefore, the coursework will reflect more rigor than English I CP. Note: This course carries Honors GPA weighting. Prerequisites: High level of performance in reading and writing skills, ability to think critically and demonstrated enthusiasm for language arts, and/or teacher recommendation. All GTA identified students should enroll in the GT or Honors level course

Math

Title: Math 7th

Unit Credit: 0

Grade Level: 7

The emphasis in this standards-based seventh-grade course is on algebraic thinking and on extending the understanding of the real number system to include integers, rational numbers, and irrational numbers. Students will investigate applications of number theory and will acquire skills in adding, subtracting, multiplying, and dividing integers. Students will solve applied problems by using one-step equations and inequalities, percents, and proportional reasoning. Students will develop algebraic thinking by analyzing patterns to discover relationships, by representing information through symbolic, graphical, and tabular methods, and by identifying relationships that are linear. Throughout the course there is an emphasis on the SCCR mathematical process standards of problem-solving, communication, reasoning, representations, and connections. PREREQUISITE: Math 6

Course Number: 21100500

Title: Math 8th

Unit Credit: 0

Grade Level: 8

This standards-based eighth grade course places strong emphasis on applications of the mathematical concepts and skills related to decimals, fractions, percents, and integers to solving a variety of real-world problems. In addition, students will extend their understanding of the concepts proportion and measurement and apply this knowledge in problem-solving situations. Students will further develop their algebraic thinking by investigating the merits and limitations of graphical, symbolic, tabular, and verbal representations of relationships. Throughout the course there is an emphasis on the SCCR mathematical process standards of problem-solving, communication, reasoning, representations, and connections. PREREQUISITE: Math 7

Course Number: 21100700

Title: Math 7th/8th

Unit Credit: 0

Grade Level: 7 - 8

This standards-based course places strong emphasis on applications of the mathematical concepts and skills related to decimals, fractions, percents, integers, rational and irrational numbers to solving a variety of real-world problems. In addition, students will extend their understanding of the concepts proportion and measurement and apply this knowledge in problem-solving situations. Students will further develop their algebraic thinking by investigating the merits and limitations of graphical, symbolic, tabular, and verbal representations of relationships. Throughout the course there is an emphasis on the SCCR mathematical process standards of problem-solving, communication, reasoning, representations, and connections. PREREQUISITE: Must meet district criteria including Teacher recommendation

Course Number: 21102000

Title: Algebra 1 Hon

Unit Credit: 1

Grade Level: 7 - 12

Algebra 1 Honors students will study all of the topics included in CP Algebra 1. They will also study additional topics including step functions, transformations of absolute value functions, factoring quartic expressions in quadratic form, translating a quadratic function into vertex form, and sequences as functions. The SCCR mathematical process standards apply throughout the course and, along with content standards prescribe that students experience math as a coherent, useful, and logical subject. PREREQUISITE: Math 6/7/8, or Math 7/8, or Math 8; District Criteria; Math Teacher Recommendation

Course Number: 411402HW

Science

Title: Science 7th

Unit Credit: 0

Grade Level: 7

The focus of science in seventh grade is to provide students with inquiry based experiences that develop science concepts in the following areas: Cells and Heredity-structure and function of cells and heredity; Human Systems and Disease-functions and interconnections within the human body and breakdown of these functions due to disease; Ecology-the Biotic and Abiotic Environment-interactions and responses between biotic and abiotic components and organisms; and Chemical Nature of Matter-classifications, properties and changes in matter. PREREQUISITE: Successful completion of previous grade or science course

Course Number: 22211300

Title: Science 8th **Course Number:** 22513500
Unit Credit: 0
Grade Level: 8
The focus for science in eighth grade is to provide students with inquiry based experiences that develop science concepts in the following areas: Earth's Biologic History-Earth's biologic diversity over time; Structure and Process in Earth System-materials and processes that alter the structure of Earth; Astronomy-characteristics, structure, and motions of celestial bodies in the universe; Forces and Motion-effects of forces on the motion of an object; and, Waves-properties and behaviors of waves. PREREQUISITE: Successful completion of previous grade or science course

Social Studies

Title: Social Studies 7th **Course Number:** 23101300
Unit Credit: 0
Grade Level: 7
Seventh grade social studies continues the study of world cultures with a focus on the changes that have occurred in Europe, Africa, Asia, and the Americas from 1600 to the present. Students examine the history, geography, and continuing changes in political and economic ideas that have shaped the world in which we live today. Students also address the growing interaction among societies developing concurrently during this period, including the exchange of ideas, beliefs, technologies, and commodities. Instruction should emphasize the elements of social studies literacy, the tools, strategies, and perspectives necessary for understanding how history, geography, economics and government are interwoven. PREREQUISITE: Successful completion of previous grade or course

Title: SC/US History 8th **Course Number:** 23203500
Unit Credit: 0
Grade Level: 8
Eighth grade social studies focuses on the story of the history of South Carolina and the role that the state and its people have played in the development of the United States as a nation. Students learn about the state's development during colonial times and the growth of the American ideal which led to the break with England, the rising controversy about slavery, and the Civil War. The study of the rebuilding of South Carolina after the Civil War and the continuing struggle for civil rights and justice waged by the people of South Carolina allows students to see the progress that the state has made and to appreciate the contributions that its people have made to the nation as a whole. Students also learn about the major political, economic, and social changes in South Carolina through the twentieth century and to the present in the context of national and worldwide events. Instruction should emphasize the elements of social studies literacy, the tools, strategies, and perspectives necessary for understanding how history, geography, economics and government are interwoven in our state's history. PREREQUISITE: Successful completion of previous grade or course

Arts

Title: Art 7th Beginning **Course Number:** 25011600
Unit Credit: 0
Grade Level: 7
Students will develop creative-thinking and problem-solving skills as they observe the world around them. They will explore and produce artwork including drawing, painting, printmaking, sculpture, arts, and crafts. A study of artists and their work will help students understand the techniques, skills, and diverse intentions of artists from many cultures and times. PREREQUISITE: None

Title: Art 8th Beginning **Course Number:** 25014100
Unit Credit: 0
Grade Level: 8
Students will refine their ability to communicate visually, manage a wide range of tools and materials, and achieve quality, style, and craftsmanship in drawing, painting, printmaking, sculpture, and crafts. Students will have opportunities for evaluating and critiquing their own and other students' artwork as well as studying artists and analyzing their work. PREREQUISITE: None

Title: Theatre 7th Beginning **Course Number:** 25213800
Unit Credit: 0
Grade Level: 7
This course explores theater arts through the use of creative dramatics, diction, vocal expression, improvisation, dramatization, technical theatre, audience etiquette, and theatre appreciation. Performances will be an outgrowth of study. PREREQUISITE: None

Title: Theatre 8th Beginning **Course Number:** 25214400
Unit Credit: 0
Grade Level: 8
This course explores theater arts through the use of creative dramatics, diction, vocal expression, improvisation, dramatization, technical theatre, audience etiquette, and theatre appreciation. Performances will be an outgrowth of study. PREREQUISITE: None

Title: Band 7th **Course Number:** 25311300
Unit Credit: 0
Grade Level: 7
This course is a continuation of Band 6 for brass, woodwind, and percussion instruments. Intermediate-level middle school literature will be studied. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and band techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: Band 6 or permission of instructor

Title: Band 8th **Course Number:** 25313500
Unit Credit: 0
Grade Level: 8
This course is a continuation of Band 7 for brass, woodwind, and percussion instruments. Advanced-level middle school literature will be studied. The curriculum includes the development of fundamental skills, concepts, composition, cooperative learning, music as it relates to history and culture, and band techniques. The class will include an expectation for the purchase or rental of an instrument and individual practice at home. Concert performances will be an outgrowth of the study of musical concepts. PREREQUISITE: Band 7 or permission of instructor

Title: Chorus 7th Beginning **Course Number:** 25413800
Unit Credit: 0
Grade Level: 7
The purpose of this course is to enable students to continue to develop the fundamental vocal musicianship, technical skills, and aesthetic awareness learned in Chorus 6, through the study and performance of varied middle school choral literature. The curriculum for Chorus 7 includes vocal technique, part singing, music fundamentals, and singing music of various historical and world styles through large and small group participation. Concert performances will be an outgrowth of the study of the musical concepts. PREREQUISITE: None

Title: Chorus 8th Beginning **Course Number:** 25414400
Unit Credit: 0
Grade Level: 8
The purpose of this course is to enable students to continue to develop the fundamental vocal musicianship, technical skills, and aesthetic awareness learned in Chorus 7, through the study and performance of varied middle school choral literature. The curriculum for Chorus 8 includes vocal technique, part singing, music fundamentals, and singing music of various historical and world styles through large and small group participation. Concert performances will be an outgrowth of the study of the musical concepts. PREREQUISITE: None

Title: General Music 7th **Course Number:** 25611300
Unit Credit: 0
Grade Level: 7
This is a course providing students with the opportunity to explore musical concepts and further their understanding of music through listening, singing, playing instruments, and engaging in creative activities. PREREQUISITE: None

Title: General Music 8th **Course Number:** 25613500
Unit Credit: 0
Grade Level: 8
This is a course providing students with the opportunity to explore musical concepts and further their understanding of music through listening, singing, playing instruments, and engaging in creative activities. PREREQUISITE: None

Title: Instrumental Music Band 1 (H)

Course Number: 353127HW

Unit Credit: 1

Grade Level: 8 - 12

Instrumental Music: Band 1 Honors is a course designed for advanced musicians. Students entering Band 1 Honors must be able to successfully play SCBDA junior level scale and sight reading requirements and concert music ranging from grade 3 to 5. Students will be expected to consistently demonstrate a mature characteristic tone quality on their instrument. Honors band classes are performance based and as a result are directly tied to co-curricular activities. Participation in auditions and concerts out of the regular school day are required. Students enrolled in Instrumental Music: Band 1 Honors will be required to participate in winter and spring concerts, SCBDA Concert Performance Assessment, Greenville All-County Band auditions and clinic, SCBDA Region and All-State Band auditions and clinic, SCBDA Solo and Ensemble and other performances determined by the school Director of Bands.

Foreign Language

Title: Spanish 7 Beginner Level

Course Number: 26501300

Unit Credit: 0

Grade Level: 7

Aligned with the district's vision, philosophy, and goals for world language education, this beginner course introduces students to the second language through high-quality learning experiences. Not only do students gain an understanding of what it means to learn a new language, they also experience progress over time and are likely to be motivated to continue language study. Students learn enough language to ensure that they will not be total beginners when they take another course in the same language. The goal of this course is to develop some language competence. PREREQUISITE: None

Title: Spanish 8 Beginner Level

Course Number: 26503500

Unit Credit: 0

Grade Level: 8

Aligned with the district's vision, philosophy, and goals for world language education, this beginner course introduces students to the second language through high-quality learning experiences. Not only do students gain an understanding of what it means to learn a new language, they also experience progress over time and are likely to be motivated to continue language study. Students learn enough language to ensure that they will not be total beginners when they take another course in the same language. The goal of this course is to develop some language competence. PREREQUISITE: None

Title: Spanish 1 CP

Course Number: 365107CW

Unit Credit: 1

Grade Level: 7 - 12

This course prepares students to: perform interpersonal, interpretive and presentational communicative tasks within the novice high to intermediate low range on the ACTFL Proficiency scale; interpret, exchange, and present, information, concepts and ideas both within the classroom and beyond on a variety of topics including connections to other subject areas; and understand the relationship among the products, practices and perspectives of other cultures. In addition, students develop insight into their own language and culture.

PREREQUISITES: None

Physical Education

Title: PE/Health 7th

Course Number: 2460A100

Unit Credit: 0

Grade Level: 7

Enrollment in this course fulfills the state law requiring 9 weeks of health education every year for all students in grades 6 - 8. Course content focuses on teaching students the information and the skills needed to become health literate, maintain and improve personal health, prevent disease, and reduce health-related risk behaviors as outlined in the SC Health and Safety Curriculum Standards. The course also focuses on evaluating, advocating, and coordinating valid resources and services to meet the needs of students, families, and communities. Course content areas include Personal Health and Wellness, Nutritional Choices, Mental Health, Preventing Injuries, Family Living, and Alcohol, Tobacco and Other Drugs. PREREQUISITE: None

Title: PE/Health 8th

Course Number: 2460A200

Unit Credit: 0

Grade Level: 8

Enrollment in this course fulfills the state law requiring 9 weeks of health education every year for all students in grades 6 - 8. Course content areas include Personal Health and Wellness, Nutritional Choices, Mental Health, Preventing Injuries, Family Living, and Alcohol, Tobacco and Other Drugs. PREREQUISITE: None

Career and Technology

Title: Google Basics

Course Number: 27043500

Unit Credit: 0

Grade Level: 7 - 8

This course introduces the student to basic Google tools and applications through the completion of real-world, student-centered activities and projects.

Title: GTT7 Design & Modeling

Course Number: 27800000

Unit Credit: 0

Grade Level: 7

This unit uses solid modeling (a very sophisticated mathematical technique for representing solid objects) to introduce students to the design process. Utilizing this design approach, students understand how solid modeling has influenced their lives. Students also learn sketching techniques, and use descriptive geometry as a component of design, measurement, and computer modeling. Using design briefs or abstracts, students create models and documentation to solve problems.

Title: GTT8 Design & Modeling

Course Number: 27801000

Unit Credit: 0

Grade Level: 8

This unit uses solid modeling (a very sophisticated mathematical technique for representing solid objects) to introduce students to the design process. Utilizing this design approach, students understand how solid modeling has influenced their lives. Using design briefs or abstracts, students create models and documentation to solve problems.

Title: Career Education 7th

Course Number: 28301300

Unit Credit: 0

Grade Level: 7

This course introduces the students to the careers that are available to them after their education. Students are given a chance to research and explore various careers as well as learn about the skills that are needed for a particular occupation. During this time, the students are also introduced to the career clusters that are used in the district. PREREQUISITE: None

Title: Career Education 8th

Course Number: 28303500

Unit Credit: 0

Grade Level: 8

This course introduces the students to the careers that are available to them after their education. Students are given a chance to research and explore various careers as well as learn about the skills that are needed for a particular occupation. During this time, the students are also introduced to the career clusters that are used in the district. PREREQUISITE: None

Title: Fundamentals of Computing

Course Number: 502305CW

Unit Credit: 1

Grade Level: 8 - 12

This course of study is designed to allow students to explore a variety of computer science topics, such as web design, human computer interactions, programming, and problem solving. Optional topics include mobile applications, robotics, and digital animation. Students will develop critical thinking, logic, and problem solving skills relevant to today's technology.

Miscellaneous

Title: Study Topics 7th
Unit Credit: 0
Grade Level: 7

Course Number: 27991600

This course focuses on skills that students need to make better and more efficient use of study time. Students will actively engage in learning time management skills, study techniques, organizational skills, and test-taking strategies to strengthen their performance in the classroom.
PREREQUISITE: None

Title: Skill Building 7th
Unit Credit: 0
Grade Level: 7

Course Number: 27991700

This course focuses on skills that students need to make better and more efficient use of study time. Students will actively engage in learning time management skills, study techniques, organizational skills, test-taking strategies, as well as other topics that will strengthen their performance in the classroom. PREREQUISITE: None

Title: ESOL 7th
Unit Credit: 0
Grade Level: 7

Course Number: 27991900

This course is designed for the student who has a primary language other than English, and is not proficient in listening, speaking, reading, writing, or comprehension in the English speaking classroom. Instruction will be provided in the areas of listening, speaking, reading, writing, and comprehension to assist students in classrooms where English is the language of instruction. Students will receive skills to aid in the transition to all academic areas, as well as help in the preparation for middle school formal tests. Limited English proficiency should be determined by an approved language assessment instrument. PREREQUISITE: Guidance Placement

Title: AVID 7th
Unit Credit: 0
Grade Level: 7

Course Number: 27992000

AVID (Advancement Via Individual Determination) is offered as an elective course to students who would like to prepare for four-year universities. The course prepares students for more rigorous coursework in middle and high school. The curriculum features writing, inquiry, collaboration, organization, and reading. There is an emphasis on note-taking and study skills, and college/career/motivational activities.

Title: AVID 8th
Unit Credit: 0
Grade Level: 8

Course Number: 27992100

AVID (Advancement Via Individual Determination) is offered as an elective course to students who would like to prepare for four-year universities. The course prepares students for more rigorous coursework in middle and high school. The curriculum features writing, inquiry, collaboration, organization, and reading. There is an emphasis on note-taking and study skills, and college/career/motivational activities.

Title: Study Topics 8th
Unit Credit: 0
Grade Level: 8

Course Number: 27994000

This course focuses on skills that students need to make better and more efficient use of study time. Students will actively engage in learning time management skills, study techniques, organizational skills, and test-taking strategies to strengthen their performance in the classroom.
PREREQUISITE: None

Title: Skill Building 8th
Unit Credit: 0
Grade Level: 8

Course Number: 27994100

This course focuses on skills that students need to make better and more efficient use of study time. PREREQUISITE: None

Title: ESOL 8th

Course Number: 27994400

Unit Credit: 0

Grade Level: 8

This course is designed for the student who has a primary language other than English, and is not proficient in listening, speaking, reading, writing, or comprehension in the English speaking classroom. Instruction will be provided in the areas of listening, speaking, reading, writing, and comprehension to assist students in classrooms where English is the language of instruction. Students will receive skills to aid in the transition to all academic areas, as well as help in the preparation for middle school formal tests. Limited English proficiency should be determined by an approved language assessment instrument. PREREQUISITE: Guidance Placement

Title: ESOL D

Course Number: 27995100

Unit Credit: 0
